SECTION 1. IDENTIFICATION OF THE SUBSTANCE AND OF THE COMPANY/UNDERTAKING

Product identifier:
Identification as on the label/Trade name: ERASE 360 SL

Additional information:

Relevant identification uses of the substance and uses advised against:
Identified uses: Herbicide.

Uses advised against: Use only as directed.

Details of the supplier of the Safety Data Sheet:
NULANDIS, A Division of AECI Limited
14 Field Road, LILIANTON

Emergency telephone numbers:
Griffon Poison information centre: 082 446 8946
Poisons Information Helpline: 0861 555 777
Nulandis: (011) 823 8000 (o/h) Spill Tech: 086 100 0366 (a/h)

SECTION 2. HAZARD IDENTIFICATION

Classification of the substances or mixture
The mixture is classified according to

<table>
<thead>
<tr>
<th></th>
<th></th>
<th></th>
</tr>
</thead>
<tbody>
<tr>
<td>Hazard classes/Hazard categories</td>
<td>H315</td>
<td></td>
</tr>
<tr>
<td>Skin irritation (Category 2)</td>
<td></td>
<td></td>
</tr>
<tr>
<td>Serious eye damage (Category 1)</td>
<td>H318</td>
<td></td>
</tr>
<tr>
<td>Hazardous to the aquatic environment (Chronic 2)</td>
<td>H411</td>
<td></td>
</tr>
</tbody>
</table>

For full text of H statements see section 16

The most important adverse effects

The most important adverse physiochemical effects: None.

The most important adverse human health effects: Corrosive to the eyes and irritating to the skin.
According to SANS 11014:2010 & 10234:2008
Revision Date: 2016/06/15

Label elements

Hazard pictograms:

Signal Word: Danger

Hazard Statements: H315 Causes skin irritations. H318 Causes serious eye damage. H411 Toxic to aquatic life with long lasting effects.

Special labelling of certain mixtures: None

Other hazards: None

SECTION 3. COMPOSITION/INFORMATION ON INGREDIENTS

Substance/Mixture: Mixture

Ingredients:

<table>
<thead>
<tr>
<th>Substance name (IUPAC/EC)</th>
<th>CAS—No.</th>
<th>Concentration % by weight</th>
<th>Classification EC1272/2008</th>
</tr>
</thead>
<tbody>
<tr>
<td>Glyphosate (isopropylamine salt)</td>
<td>1071-83-6, 213-997-4</td>
<td>60-70%</td>
<td>Serious eye damage (Category 1) H318. Aquatic chronic 2 H411.</td>
</tr>
<tr>
<td>Surfactant Blend of Agrochemicals</td>
<td>unknown, unknown</td>
<td>10%</td>
<td>Skin irritation (Category 2) H315. Eye irritation (Category 2B) H320.</td>

</tbody>
</table>

For full text of H statements see section 16

There are no additional ingredients present which, within the current knowledge of the supplier and in the concentrations applicable, are classified as hazardous to health or the environment and hence require reporting in this section.

Occupational exposure limits, if available, are listed in Section 8.

SECTION 4. FIRST AID MEASURES

Description of first aid measures:

In case of inhalation: If inhaled, remove to fresh air. If not breathing, give artificial respiration. If breathing is difficult, give oxygen. Get medical attention.

In case of skin contact: In case of contact, immediately flush skin with plenty of water for at least 15 minutes while removing contaminated clothing and shoes. Wash clothing before reuse. Thoroughly clean shoes before reuse. Get medical attention immediately.
In case of eye contact: Check for and remove any contact lenses. In case of contact, immediately flush eyes with plenty of water for at least 15 minutes. Cold water may be used. Get medical attention immediately.

In case of ingestion: Immediately transfer patient to nearest hospital or medical centre, warning by telephone of the estimated arrival time so that the start of treatment is not delayed. Do NOT induce vomiting unless directed to do so by medical personnel. Never give anything by mouth to an unconscious person. Loosen tight clothing such as a collar, tie, belt or wristband.

Most important symptoms and effects, both acute and delayed:

- **Inhalation:** None
- **Ingestions:** None
- **Skin contact:** Irritant.
- **Eye contact:** Hazardous in case of eye contact (corrosive).

Indication of any immediate medical attention and special treatment needed:
No information available.

**SECTION 5. FIRE -FIGHTING MEASURE**

**Extinguisher media:**

- **Suitable extinguisher media:** Water spray, foam or Carbon Dioxide (CO₂).
- **SMALL FIRE:** Strong water jet.
- **LARGE FIRE:** No information.

**Unsuitable extinguishing media:** None known.

Special hazards arising from the mixture:
No information.

Advice for fire-fighters:
Fire fighters should wear positive pressure self-contained breathing apparatus (SCBA) and full turnout gear. Be sure to use an approved/certified respirator or equivalent.

**SECTION 6. ACCIDENTAL RELEASE**

**Personal precautions, protective equipment and emergency procedures:**

- **For non-emergency personnel:** Splash goggles, gloves. Avoid contact with eyes and skin.
- **For emergency responders:** Splash goggles, gloves. Avoid contact with eyes and skin.

Environmental precautions:
Stop leak if without risk. Do not get water inside container. Do not touch spilled material. Use water spray to reduce vapours. Prevent entry into sewers, basements or confined areas; dike if needed. Call for assistance on disposal.

Methods for containment and cleaning up:
- **For small spills** Contain spilled material if possible. Collect in suitable and properly labelled containers. Absorb with materials such as: sand, earth, vermiculite or diatomaceous earth
- **For large spills** Prevent entry into sewers, water courses, basements or confined areas. Wash spillages into an effluent treatment plant or proceed as follows. Contain and collect spillage with non-combustible, absorbent material e.g. sand, earth, vermiculite or diatomaceous earth and place in well labelled container for disposal according to local regulations.

Reference to other sections:
Safety Data Sheet (SDS) ERASE 360 SL

According to SANS 11014:2010 & 10234:2008
Revision Date: 2016/06/15

See section 7 for information on safe handling.
See section 8 for information on personal protection equipment.
See section 13 for information on disposal.

Additional information:

SECTION 7. HANDLING AND STORAGE

Precautions for safe handling:
Keep locked up. Keep container dry. Keep away from heat. Keep away from sources of ignition. Do not ingest. Do not breathe gas/fumes/vapour/spray. Never add water to this product. If ingested, seek medical advice immediately and show the container or the label. Avoid contact with skin and eyes. Keep away from incompatibles such as oxidizing agents. Eating, drinking and smoking should be prohibited in areas where this material is handled, stored and processed. Workers should wash hands and face before eating, drinking and smoking. Remove contaminated clothing and protective equipment before entering eating areas. Do not get in eyes or on skin or clothing. Never add water to this product.

Protective measures: Observe directions on label and instructions for use.
Advice on general occupational hygiene: Do not eat drink or smoke when handling this product.

Conditions for safe storage, including incompatibilities:
Store product in a segregated and approved area. Keep container in a cool, well-ventilated area. Keep container tightly closed and sealed until ready for use.

Specific end uses:
Use as directed. Use original container.

SECTION 8. EXPOSURE CONTROLS/PERSONAL PROTECTION

Control parameters:
Occupational exposure limits (OEL):
None.
Biological exposure indices (BEI):
None.
Additional exposure limits under the conditions of use:

Exposure control:

Appropriate engineering controls: Provide exhaust ventilation or other engineering controls to keep the airborne concentrations of vapours below their respective OEL’s if applicable. Ensure that eyewash stations and safety showers are proximal to the work-station location.

Hygiene measures: Wash hands, forearms and face thoroughly after handling chemical products, before eating, smoking and using the lavatory and at the end of the working period. Appropriate techniques should be used to remove potentially contaminated clothing. Wash contaminated clothing before reusing. Ensure that eyewash stations and safety showers are close to the workstation location.

Eye/face protection: Use safety glasses. If there is a potential for exposure to particles, wear chemical goggles.
Hand protection: Use chemical resistant gloves. Examples of preferred glove barrier materials include Nitrile/butadiene rubber, Polyethylene, Ethyl vinyl alcohol laminate, Polyvinyl alcohol, Polyvinyl chloride.

Body protection: A lab coat is required when handling this product.

Respiratory protection: Respiratory protection is required when ventilation is inadequate or discomfort is experienced; use an approved air-purifying respirator. Respiratory protection should be worn when there is a potential to exceed the exposure limit requirements or guidelines.

Environmental exposure controls: Prevent product from entry into sewers and water courses.

SECTION 9. PHYSICAL AND CHEMICAL PROPERTIES

Information on basic physical and chemical properties

Appearance (form): Liquid.

Colour: Clear reddish.

Odour: No information.

Odour threshold: No information available.

pH (at concentration): 4.6

Melting point/range (°C): Not applicable

Boiling point/range (°C): No information available.

Flash point (°C): No information available.

Evaporation rate: No information available.

Flammability (solid, gas): No information available

Ignition temperature (°C): No information available.

Upper/lower flammability/explosive limits: No information available.

Vapour pressure (20°C): No information available.

Vapour density: No information available.

Density (20°C): 1.172 g/ml [AM-01]

Water solubility (g/l) at 20°C: No information available.

n-Octanol/Water partition coefficient: No information available.
Auto-ignition temperature: No information available.

Decomposition temperature: No information available.

Viscosity, dynamic (mPa s): No information available.

Physical hazards:
Explosive properties: No physical hazards.

Other information:
Fat solubility (solvent-oil to be specified): No information available.

Bulk density: No information available.

Dissociation constant in water (p Ka): No information available.

Oxidation-reduction potential: No information available.

SECTION 10. STABILITY AND RELIABILITY

Reactivity:
The product is stable under normal conditions.

Chemical stability:
Stable under normal storage conditions for 2 years.

Possibility of hazardous reactions:
No information available.

Conditions to avoid:
Excessive heat.

Incompatible materials:
Strong acids, strong bases, strong oxidising agents and strong reducing agents

Hazardous decomposition products:
On combustion or on thermal decomposition (following the evaporation of water) releases: Oxides of Carbon and oxides of Nitrogen.

SECTION 11. TOXICOLOGICAL INFORMATION

Toxicokinetics, metabolism and distribution:

Non-human toxicological data: No Information available.

Method: No Information available.

Dosage: No Information available.

Routes of administration: No Information available.

Results: No Information available.

Absorption: No Information available.
Distribution: No Information available.

Metabolism: No Information available.

Excretion: No Information available.

Information on toxicological effects:
Acute toxicity: No information available.

Chronic toxicity: No information available

Skin corrosion/irritation: No information available.

Serious eye damage/irritation: No information available.

Respiratory or skin sensitization: No information available.

Germ cell mutagenicity: No information available.

Carcinogenicity: No information available.

Reproductive toxicity: No information available.

STOT-single exposure: No information available.

STOT-repeated exposure: No information available.

Aspiration hazard: No information available.

---

SECTION 12. ECOLOGICAL INFORMATION

Toxicity:
This product is very toxic to aquatic organisms and may cause long-term adverse effects in the aquatic environment.

Persistence and degradability:
No information available.

Bioaccumulative potential:
No information available.

Mobility in soil:
No information available.

Results of PBT & vPvB assessment:
No information available.
SECTION 13. DISPOSAL CONSIDERATIONS

**Waste treatment methods:**
Treat as hazardous waste and dispose of in accordance with municipal, provincial and national regulations.

**Product/ packaging disposal:**
Treat as hazardous waste and dispose of in accordance with municipal, provincial and national regulations.

SECTION 14. TRANSPORT INFORMATION

<table>

**Inland waterways:** Not required.

**Emergency response information:** No information.

SECTION 15. REGULATORY INFORMATION

**Safety, health and environmental regulations/legislation for the mixture:**

**Relevant information regarding authorization:** Occupational Health and Safety Act 1993 Regulation for Hazardous Chemical Substances.

**ACGIH:** American Conference of Governmental Industrial Hygienists (ACGIH)

**Relevant information regarding restrictions:**

**EU regulations:** Regulation EC 1272/2008 [EU-GHS/CLP]

**Other National regulations:** National Road Traffic Act, 1996 (ACT NO. 93 of 1996).

SANS 10228:2012- The identification and classification of dangerous goods for transport by road and rail modes.

**Chemical Safety Assessment carried out?** No

SECTION 16. OTHER INFORMATION

**Indication of changes:**
GHS aligned

**Relevant H statements (number and full text):**
Aquatic chronic 2-Hazardous to the aquatic environment (Chronic 2)

H315 Causes skin irritations. H318 Causes serious eye damage. H320 Causes eye irritation. H411 Toxic to aquatic life with long lasting effects

**Training instructions:**
Use as indicated on the label, special training may be required for application.

**Further information:**
This information is based upon the present state of our knowledge. This SDS has been compiled and is solely intended for this product.

**Notice to readers:**
Employers should use this information only as a supplement to other information gathered by them, and should make independent judgement of suitability of this information to ensure proper use and protect the health and safety of employees.

This information is furnished without warranty, and any use of the product not in conformance with this Safety Data Sheet, or in combination with any other product or process, is the responsibility of the user.
